#### STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Woodstock, in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Woodstock on Tuesday, the thirteenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

- 1. To choose all necessary Town Officers for the year ensuing.
- 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
- 3. To see if the Town will authorize the Selectmen to hire such sums of money as may be necessary to defray expenses in anticipation of taxes.
- 4. To see what discount will be allowed on taxes paid on or before the first of September or a later date to be set by the Selectmen and if the sums of twenty cents shall be added to each poll tax not paid on or before September 15th.
- 5. To see if the Town will vote to accept the budget as posted.
- 6. To see if the Town will vote to allow the Selectmen to sell Property taken on tax titles.
- 7. To transact any other business that may legally come before this meeting.

WESLEY FOWLER, SHERWOOD AVERY, NORMAN FADDEN,

Selectmen of Woodstock

#### AUDITORS' REPORT

We have examined the foregoing accounts of the Selectmen, Treasurer, Town Clerk, Collector of Water Rents, Woodstock Municipal Court, Tax Collector, Trustees of Trust Funds and North Woodstock Fire Precinct Treasurer. We find them properly cast and properly vouched.

FRED S. BROWN, GLEN E. STEVENS,

Auditors

#### MOOSILAUKE LIBRARY REPORT

It gives me pleasure to make the annual report of the Library. The number of patrons who made use of the library was 4,158 and the number of books and magazines taken out was 7,993.

We would like to thank the following organizations and people for their gifts of books and magazines:

The Quest Club for subscriptions to three magazines: Boys' Life, Outdoor Life and Calling All Girls (formerly Polly Pigtails). Also for two much-needed tables to display the small children's books.

Mrs. L. B. Copenhaver, Mrs. Cora McCarthy and the Girl Scouts for books.

Mr. and Mrs. George Ladeau and Mrs. James Riley for National Geographic magazines.

Mr. and Mrs. Ernest Stevens for Collier's.

Mr. and Mrs. Ward Winchester for Newsweek and Better Homes and Gardens.

Mrs. Norman Fadden for The Family Handyman, Projects for Craftsmen, Mechanix Illustrated, N. H. Profiles, American Home, Better Homes and Gardens and Outdoor Life.

# PUBLIC HEALTH AND SCHOOL NURSING SERVICES

Dec. 31st, 1954 — Dec. 31st, 1955

Maternity Service	
Antepartum cases admitted	4
Visits to antepartums	4
Postpartum cases admitted	10
Visits to postpartums	12
Infant Hygiene	
Infants admitted	12
Visits to infants	86
Preschool Hygiene	
Children admitted	5
Nursing visits	12
Non-Communicable Diseases	
Cases admitted	9
Nursing visits	302
Unclassified Visits	
Welfare calls, collection of bills, etc.	82
Total visits to homes	388

The three toxoid and vaccination clinics conducted in the Spring were well attended.

The X-Ray Mobile from the State Health Department came to Lincoln in August. A good showing of people from the community took advantage of this opportunity to have a chest x-ray.

Ninety-one visits were made to the school nurse's examinations, vision tests, teeth, throat, heights and weights, 146. The students attending Lincoln High School were given their physical examinations by Dr. William Seales.

Thirty first and second graders received their two injections of the Salk Polio Vaccine. Seventy-seven pupils of the other grades, including the high school freshmen, who were not over 15 years of age, have received one injection. Plans are being made at this time for their second. Nineteen preschoolers, 1 to 5 years, will also attend this clinic for their second shot.

This service was made possible by the State De-

partment of Health.

Respectfully submitted,

NORA E. PARENT, R.N., District Nurse

#### Attendance Record

First Five Weeks:	
Registered	
Average daily attendance	
A CII	

After camp reopened after Polio scare
Average daily attendance 62

To clarify the operation of the day camp, it might be best to follow a student through the activities during an average day at camp.

Usually the campers arrive before 9:30. At 9:30 the group gathered on the field and joined their counselors. Here ranks of two were formed and attendance was taken. This was followed by a salute to the flag. the Lord's Prayer, and a group song. This group was then led through a series of thinking games. Reports were given by the director and the groups were dismissed for a 15-minute period of calisthenics. This brings us up to 10:00 A. M. From 10:00 to 12:00 all groups participated in activities, taking advantage of the cool morning, the spacious fields, and the permanent athletic equipment. The groups were taken to one of four areas: the pool for instruction, the crafts tent for painting, coloring, etc., to woodcrafts or metal crafts, and to the playground area. Those children not participating in any of the above activities were allowed to play with the games, checkers, monopoly, etc.

In the afternoon the groups followed much the same pattern until all of the departments in day camp had been utilized by all groups. The first hour of the afternoon was given over to a free swim period. All instructors of swimming were kept at the pool to insure the greatest degree of safety. Youngsters not interested in swimming were allowed to take extra periods in the woodworking and arts and craft shops.

The last half hour of the afternoon was utilized in cleaning the area in preparation for the following day, group singing, the lowering of the flag, and preparing to return the children to their homes.

> Rotary Day Camp Committee, ROBERT A. RUSSELL LEO HOBIN RALPH T. PILLSBURY

February 8, 1956

#### BE A GOOD CITIZEN-COOPERATE

Smoking and debris burning caused more than 50 percent of the forest fires occurring in the State of New Hampshire in 1955—235 fires out of a total of 463 originated from these two sources. Lighted smoking material and matches thrown from moving vehicles along the highway or dropped by fishermen, hunters, hikers, berry and flower pickers accounted for 26 percent; debris burning in the wrong place or at the wrong time by those who failed to heed all pleas for safety or refused to recognize the logical, sensible rules and regulations set up under legislative authority governing the use of fire in or near woodlands accounted for more than 24 percent. This is inexcusable.

Everything possible is being done officially to remedy the situation. Since 1909 there has been a statute on our law books which requires everyone to secure written permission from the local forest fire warden before starting a fire in or near woodlands or where fire can be communicated to woodlands, unless the ground is covered with snow. A never ending program of educational work is being carried on by your local warden and state officials to inform the general public both of the value and necessity of securing the required permit for such burning. Much progress has been made, but there are still many who fail or refuse to cooperate. The value of our permit system was definitely proven in this district during the 1955 calendar year. District and local wardens issued 959 permits for debris burning fires. That's a lot of permits. The records show that only two permit fires got out of control. This proves several things—while wardens were liberal in the issuance of fire permits, accommodating every applicant so far as possible, they were cautious, following closely directives outlining overall policy governing the issuance of burning permits and thoroughly instructing permit users. The latter, too, fully appreciating their responsibility in using their permits, governed themselves accordingly. Result? Much burning done legally and safe.

But what of the smokers? Despite all the efforts of those officially charged with the responsibility of preventing fires, too many were careless or thoughtless in disposing of smoking material and matches. Why? It is difficult to say. Autos are now equipped with ash trays. Why not use them. The crushing out of a cigar, cigarette and the complete extinguishment of matches before being discarded is an easy chore.

If the costly habits of the careless and indifferent smoker and debris burner could be overcome, more than half of our annual forest fires would be eliminated. Will YOU do YOUR share to bring this about?

#### REMEMBER

- 1. Get a written permit from your local warden before starting your debris burning or camp fire. The law requires it.
- 2. Make certain they are dead out before leaving them.
- 3. Become a safe smoker by extinguishing smoking material and matches before discarding them.

FRED BROWN,

Forest Fire Warden

# School District

#### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Woodstock qualified to vote in district affairs.

You are hereby notified to meet at the Town Hall in said district on the 13th day of March, 1956, at ten o'clock in the forenoon to act upon the following subjects:

- 1. To choose a Moderator for the coming year.
- 2. To choose a Clerk for the ensuing year.
- 3. To choose a Member of the School Board for the ensuing three years.
  - 4. To choose a Treasurer for the ensuing year.
- 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
- 6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
- 7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
- 8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

- 9. To see if the school district will furnish transportation for high school students to a school designated by the school board, and raise money for same.
- 10. To see if the district will raise \$300.00 for the lease of baseball field.
- 11. To see how much the district will raise for music.
- 12. To see if the district will vote to raise \$1000.00 to continue transportation to and from school for the children on Lost River Road. Limit to be set by school board.
- 13. To see if the district will vote to raise \$200.00 for a skating rink, on school grounds.
- 14. To transact any other business to legally come before this meeting.

Given under our hands at said Woodstock this third day of February, 1956.

#### REPORT OF PRINCIPAL

Superintendent M. Wayne Bowie Plymouth New Hampshire

Dear Mr. Bowie:

I hereby submit my third report as Principal of the Woodstock School.

The 1955-56 school year began on September 7th, with a total enrollment in the eight grades of 151 pupils. As usual, family movement has caused a number of transfers. As of February 1, 1956 we have a total of 154 pupils, of whom 81 are boys.

The Woodstock District has accomplished a great deal in the year just past. The decision to send our high school students to Lincoln High has opened up to those pupils a richer, broader curriculum than we ourselves could ever hope to offer, under the existing limitations. Our young people are also participating fully in a well-rounded extra-curricular program, from which they derive considerable enjoyment and permanent gain through the development of cooperation and good sportsmanship. Much of this benefit will accrue to our town, in the form of better citizenship.

The consolidation of all the grades into the one building in North Woodstock has made for easier administration, more coordinated teaching, and better social relationships among our grade pupils.

Through the thoughtful generosity of the graduating class of 1955, the classes of 1956, 1957, and 1958 (now attending Lincoln High) and the members of the Junior High School . . . and with a gift from the Student Council, we were able to buy two fine pieces of playground apparatus, which were installed by the School Board. These additions vastly improve our recreation facilities, for both upper and lower grades.

The recent insulation of the school building seems to have overcome one of our most pressing problems ... that of being able to maintain a reasonable temperature in our classrooms. The discarding of some of the antiquated and inefficient radiation units, and the purchase and installation of some smaller, modern efficient units has somewhat increased our useful floor space, as well as helped solve some of our heating troubles. Other old and faulty units should be replaced as soon as possible.

The program of recreational development begun by last year's High School Studen't Council was carried a step further by the addition of a second outdoor fireplace and two large plank tables with benches attached. These add materially to our picnic area.

Although a large number of our students miss the former program of ski instruction offered by Mr. Valar, the skating rink provided for us this year has done much to provide good, wholesome outdoor recreation for large numbers of our pupils, and also for a considerable number of adults. That we have a rink at all is largely due to the combined efforts of Mr. Corbeil, Mr. Wright, and Mr. Selby, with some timely assists from some of our 7th and 8th grade boys. We certainly appreciate their determination, and enjoy their success. Also this year, we are having two full weeks of Winter Carnival competition in which all eight grades have the opportunity to compete.

Our teachers enrolled en masse at a special Art Workshop Course held in the Holderness School afternoons and evenings, and I feel we all gained tremendously in knowledge of ways and means of effective use of the arts in our classrooms. We thank you for arranging for our participation.

While the past year has been a good one, all of our problems have not been solved. The lighting in our classrooms is still far from adequate, in most cases. This is a most serious deficiency, and one about which something must be done at the earliest possible mo-

ment, in view of the fact that we are finding out that a number of our youngsters appear to have failing eyesight. In view of this condition, it is desirable to have an examination of all of our pupils by a competent eye specialist, if at all possible.

We have many youngsters whose teeth need attention. Some children have been suffering from one or two bad teeth for quite a while. Many children have several teeth which need immediate attention. A child who has a toothache finds it impossible to focus his or her attention on any point of learning. In addition, the teaching-learning situation is interrupted while the teacher does what little he or she can to ease the child's pain. This destroys the continuity and impairs the effectiveness of the class.

We continue to have a need for some indoor area large enough to support a program of Physical Education and indoor sports, and attractive enough to stage our Graduation programs, assemblies, and school social events. The Baptist Church and the Grange have been most cooperative, but the need for some sort of Town Building is increasingly evident.

Below are the lists of High School and Junior High School Graduates, and the roll of perfect attendance for 1954-55.

1955 Graduates of Woodstock High School John Connolly Cecelia Greenwood Charles Harrington

Lillian Welsh

In closing I would like to express the thanks of the entire faculty to you and to the members of the school board, Mrs. Emily Avery and Mr. Arthur Selby, who have, I fear, often been harassed by our troubles at the most inopportune times, but who have not failed to grapple immediately with our problems, and generally enabled us to continue efficient school operation.

I would also like to express my personal thanks to Mrs. Parent, our school nurse, and to Mrs. Baston, our school treasurer.

Lastly, I wish to say "Thank you" to each and every one of our teachers. My limited adjectives could not adequately describe their ability, cooperation, and devotion to their task. Mrs. Viola Bump, an experienced teacher serving her first year with us, teaches the first grade. Mrs. Charlotte Amos teaches the second. Mrs. Marjorie Uhlman the third and Mrs. Altha Gay the fourth. Mrs. Beverly Zampieri, in her first year of teaching, has our fifth grade, and is doing a first-rate job. Mrs. Frances Hoff continues in grade six. (Both grades five and six are now upstairs.) Mr. Theodore Marston, who has had several years of teaching experience, divides the seventh and eighth grade teaching duties with me. He teaches Social Studies and the Language arts, and has been a most welcome addition to our staff. I feel, most sincerely, that in these people we have a first-class faculty, and I hope that they will remain with us.

Respectfully submitted,

JOSEPH C. BEAUDIN,

Principal

# SUPERINTENDENT'S ANNUAL REPORT TO THE WOODSTOCK SCHOOL BOARD

Hereby submitted is my annual report as your Superintendent of Schools.

I wish to begin this report by congratulating you upon your decision to close Woodstock High School this year and to send your pupils to Lincoln on a tuition basis. I would be the first one to admit that a town does lose something when it loses one of its schools, but in view of the fact that our first consideration is and always should be the best education we can get for our pupils, the step, I am sure, was a wise one. There is no question in my opinion that in a larger school with more and better facilities where competition is keener, boys and girls do get more from their education. I feel sure that the committee who worked so diligently to come up with a solution have been and should again be recommended.

It has been another forward step also in consolidating your elementary grades in one school, thus assuring that no teacher will have more than one grade in her classroom. In spite of the fact that several of the classes are relatively small, as we think of them in today's school, a teacher working with fewer pupils is able to give a more individualized type of instruction than she could normally do otherwise. With all other things equal the children gain considerably.

When your school was consolidated in North Woodstock several staff changes were made and all have worked out very satisfactorily. Mr. Joseph Beaudin, who returned as eighth grade principal and teacher of math and science in the seventh and eighth grades, is doing excellent work. Mr. Theodore Marston, who is handling seventh and eighth grade social studies and English, came to us from Wen'tworth where he has

had a number of successful years of teaching experience, and and is doing a fine job. Mrs. Beverly Zampieri, a graduate of Plymouth Teachers College in June, has been employed to teach grade five. I feel that her work is excellent and that for a beginning teacher she is doing an outstanding job. The only other change in full time staff brought to us Mrs. Viola Bump from a number of years teaching in Campton to teach grade one. The progress and her work with the first grade has continually been of high caliber.

Mr. Joseph Malfa, a graduate of Boston Conservatory of Music with a Master's Degree in Music Education from Boston University, who has done public school music supervisory work in New York State has been employed to do some choral work and private instrumental instruction on the budget you allowed. I feel he does an average job with choral work but is especially strong in instrumental instruction.

This year we have adopted and are using in your schools the World Book Arithmetic series, grades one through eight. Workbooks for grades one and two are available and tie in directly with the textbooks which begin in grade three. The textbooks are correlated and integrated so that as pupils follow a logical sequence of promotion and ultimately graduate from the eighth grade they have received a well-rounded background in arithmetic experiences. We also have adopted and are using the new Houghton and Mifflin language series upon the same basis. This series is used in the elementary grades in Lincoln and therefore should provide your children with the same language background when they meet the Lincoln pupils in the ninth grade there. It is my opinion that, in the coming years, a very definite progressive trend will be shown through the adoption of these texts. I would at some future date like to work in the area of some new social studies adoption for I feel that this is the one textbook area left which needs attention.

Our school year to date has progressed very smoothly and very satisfactorily. We shall plan to give achievement tests to all pupils in the coming months before school closes and according to present plans give mental ability tests to some of the grades.

It is my opinion that in the not too distant future you should be considering some type of capital investment for your school. From what has been said by various people who are connected with the school it seems to me that the wiring and heating systems should probably be overhauled. If and when this is done, it might be well to do some other work on the interior of the building. At this point it appears that your present school will continue to be your elementary plant for some years to come and in the long run maintenance costs far less to do it periodically as needed.

I wish to take this opportunity to thank the school board and teachers of Woodstock for their cooperation during the past year and want you to know that I have appreciated and enjoyed working with you. If, in any other way, I can be of assistance to you, either contact me personally or through the school board and I shall be glad to help whenever and wherever I can.

Respectfully submitted,
M. WAYNE BOWIE,
Superintendent of Schools

#### EXPLANATION OF SUPERINTENDENT'S SALARY

Section 5, Chapter 243, Laws of 1953 of the State of New Hampshire, requires that school district annual reports show the total amount paid to the superintendent as per the following quotation:

"REPORTS. Each superintendent of a supervisory union shall annually prepare a report showing the total salary paid to the superintendent, which report shall show in detail the amount derived from the per capita tax and the amount paid directly by each school district in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuation. One-half is prorated on the basis of average daily membership in the schools for the previous school year ending June 30th. The Superintendent of Supervisory Union No. 48 during 1954-1955 received a salary of \$5825 which was made up as follows: \$2500 paid from the per capita tax and \$3325 pro-rated among the several school districts. Allowance of \$750 for travel within the union was also pro-rated as stated above.

The table below shows the portion of salary and travel charged to each school district.

	Salary	Travel
Campton	\$ 649.71	\$ 146.55
Dorchester	65.50	14.78
Plymouth	1,167.41	263.32
Rumney	493.43	111.30
Thornton	237.07	53.48
Wentworth	191.85	43.27
Woodstock	520.03	117.30
Totals	\$ 3,325.00	\$ 750.00

Superintendent's salary for 1954-1955 based on the above figure is reconciled as follows: \$3325 paid by the various districts, plus \$2500 received from State per capita tax, equals \$5825 Superintendent's basic salary. This, plus \$750 travel allowance allocated as indicated above, totals \$6575—amount received from State Treasurer for salary and travel of the Superintendent of Schools.

M. WAYNE BOWIE,
Superintendent of Schools

Total school days in session 179 plus 2 days for teachers convention making a total of 181 school days whereby 1 day may be lost for storm or other emergency before any time needs to be made up.

In as much as Armistice Day in 1956 falls on Sunday, it might be possible to pick up another day by going to school on that date if that be your wishes.

## SUMMARY OF WORK IN MUSIC FOR WOODSTOCK

Text Books used: "New Music Horizons," "Happy Singing" and "Our Land of Song." Work in the lower grades has been largely devoted to rote singing with emphasis on rote songs and singing games all in unison. Short exercises have been used on reading and singing the notes of various songs.

In the upper grades, unison singing has been occupied with one and two parts. The children are familiar with musical signs, keys and time signatures. Grade 6 is a particularly musical group. They sing well and are capable of writing the notes on paper of a melody played on the piano. Grades 7 and 8 do very well with a number of songs in their textbook "Junior Laurel Songs." There are several children with very good solo voices but who are too shy to project their talents. The 7th and 8th grades' chorus have been working on more advance songs and are singing compositions from Beethoven and Handel. This group all seem to be interested and are making rapid progress. Instrumental and piano work in the school at Woodstock include 5 pianos, 2 violins, 1 flute and 1 saxophone.

JOSEPH MALFA,

Supervisor
